INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW:

Penal Code Section 5054 vests with the Director the supervision, management and control of the prisons, and the responsibility for the care, custody, treatment, training, discipline, and employment of inmates.

Penal Code Section 5058 authorizes the Director to prescribe and amend regulations for the administration of prisons.

This action will remove from the Director's Rules regulations regarding the alternative sentencing program establishment.

- This regulation established the Alternative Sentencing Program in 1992 by the Legislature pursuant to Penal Code (PC) Sections 1173 to 1173.10. The intent was to provide selected first-term, able-bodied male offenders a voluntary alternate sentence which stressed a highly structured routine of discipline, regimentation, exercise, and work therapy together with substance abuse workshops, education, prerelease counseling and self-improvement counseling, all within a military-type environment.
- PC Section 1173.10 contained a sunset provision stating that the program would cease to exist on January 1, 1998. Because of the sunset of the program, the Department discontinued the implementation of the regulations regarding alternative sentencing, CCR Section 3074.
